Training of the CPOs dedicated for education and work with juveniles delivered.

Upon the proposal of the Programme, now in each main commissariat some of the community policing officers will strengthen their proactive and preventive role by increasing the awareness of the youngsters with regard to safety issues. Therefore, during 6-8 November 2018, the Programme in cooperation with the experts of the Public Order Directorate in the ASP HQ, delivered the training for the first 52 CPOs (in 2 groups) covering all the LPDs.

The training programme was multidisciplinary involving capacity building on public speaking and specifically to different age groups, increase of their understating on the teaching methods and presentation techniques of different topics. The participants further developed their knowledge on the topics they will be presenting that mostly affect youngster like: the risks of abuse with substances as drugs, alcohol and smoking, bullying, road

safety, internet safety etc.

During training, they could practically use the learnt techniques by presenting these topics as class work.

At the end, they were given the due literature and supporting materials as the PP presentations and videos produced in the first phase of the programme, which they have to use during meetings with the youngsters.

The program has also built an online forum, through which the CPOs will share their thoughts and experiences with each other; this forum will be managed and monitored consistently by the SCPA program. Work has already begun in 12 LPD of Albania.

One of the aims of this initiative, inter alia, is to educate the young generation with the safety culture and enhance the cooperative reputation of the Police

On the job training of the new Sector of Strategic Analysis, Monitoring, Planning and Evaluation of TLPD Kukës and Elbasan goes on.

Following the ongoing training of the new Sector of Strategic Analysis, Monitoring, Planning and Evaluation (AMPE), during the first two weeks of November, the PMT experts have continued delivering on the job training of the experts of these sectors for the TLPDS of Kukes and Elbasan.

This training consisted mainly in the development of daily, weekly and monthly reports as well as in elaboration of various survey data and / or similar researches that will practically help managerial level in taking decisions in a timely and proper manner.

Action plan of Elbasan's LCPS approved.

On November 6, 2018, the Local Council for Public Security of Elbasan was convened to approve the 2018-2020 action plan for security in the city of Elbasan.

Under these circumstances, the Municipality of Elbasan becomes the first municipality to draft such a document like the LCPS action plan. At the meeting, it was emphasized that this action plan is a product of studies and work done with the support and expertise of the SCPA Program.

Taking this steps demonstrates the commitment of all its constituent institutions to assume the relevant responsibilities for increasing the security parameters in this city.

During the meeting, the SCPA program presented the results of the Community Safety Measurement Survey in the city of Elbasan. The results gathered from the opinions of the citizens will serve as a ground for future work of the LCPS of Elbasan.

Awareness meetings on the DV and gender based violence.

On 26th of November 2018, the Women's Forum Elbasan in the frame of the project "Interaction between Police, local actors and community to tackle Domestic Violence and Gender Based Violence" supported the Belsh Municipality and the member of the DV Referral Mechanism to convene for the first time the steering committee meeting against DV in the town of Belsh.

The meeting was then followed by an awareness activity in the main square of the town. It started with the marching in which participated the Mayor of Belsh Municipality Mr. Arif Tafani, representatives of State Police, Elbasan Prosecution Office, Regional Office of Social Services, Elbasan Health Office, local government units, Regional Employment Office, pupils of three high-schools and one secondary school of Belsh, students of "Aleksander Xhuvani" University of Elbasan and public.

They all showed a model of commitment and sensitivity to say **NO to VIOLENCE against WOMEN and GIRLS**.

Then, representatives of the local agencies, NGOs, the youth from the schools and university had prepared a mini-exhibition of drawings / self-made leaflets, and DV awareness materials as posters, banners, bracelets, pens and ribbons distributed to the citizens present in the square. The main purpose of this activity was to take measures to prevent and combat domestic violence, as well as to coordinate an immediate and effective response to victims of domestic violence and gender-based violence at the local level.

On 26th of November 2018, the Focus Centre and the NGO for Women with Social Problems organized an awareness rising activity at the high school "Gjergj Kastrioti" Durres. in the frame of such activity there were assembled pupils, teachers, representatives of the police, activists of human rights and activists of the campaign against domestic violence. During the meeting, the pupils posed a lot of questions and made comment on the widely known DV cases which shocked the local communities. They also discussed with the representatives of the police how to prevent Domestic Violence as community and at the same time promote the principles of tolerance and

equality.

Activities in the framework of Grants Scheme

The A2B foundation, under the SCPA funded project "The Police officer is my friend" organized a football where the teams consisted of the pupils of "Xhaferr Hakani" school, the youngsters of the A2B center "Hopes for the Future", community policing officers of the police zone nr.3, teachers, volunteers and foundation staff and members of the community.

This activity aimed at creating an amicable and cheerful atmosphere as well as strengthening the cooperation among the participants.

This program is funded by the Swedish government

The NGO for Gender Integration, in the frame of the project “Strengthening community and police interaction in the fight against narcotics” organized a meeting on the 20th of November 2018 in the Administrative Unit of Dajt, Tirana municipality.

In the meeting participated representatives from the local government, police commissariat no.4, school headmasters, members of the parents’ board and community liaisons.

The aim of this meeting was to increase the awareness on the community needs and further cooperation with the police structures, local government, education etc. to implement the community policing model in order to strengthen the preventive measures against drugs use. In addition, this association organized an awareness raising meeting on preventing the use of narcotic substances with pupils of "Ardian Klosi" school on 27 November 2018 in Administrative Unit no. 4, the Municipality of Tirana.

On 26th of November 2018, the Civil Society Development Centre in the frame of the project “The engagement of the Kavaja community in policing” held an informative session in the high school of Luz i Vogel on the topic “Prevention of cyber-crime and strengthening community policing” where 31 pupils participated.

There were present also two representatives of the Kavaja Police Commissariat of the CP Sector.

Some of the pupils presented a mini-documentary, prepared by them, on bullying.
