- Drafting the terms of reference for the software program to facilitate the RHs' business process
- Conclusion of the Public Satisfaction Study 2018;
- Start of the web constable for TLPD Elbasan and of the newsletter LPD Kukës;

## Training of the 1st groups of CPOs of TLPDs of Elbasan and Kukës;

On May 15-23 and May 28-31, 2018, the International Experts of PMT in cooperation with the CP sector at the ASP HQ organized 4-5 days training with the first groups of CPOs of LPD Elbasan and Kukës. The groups consisted of CPOs from Commissariats of Elbasan, Gramsh, Librazhd, Cërrik, Peqin and Police Station of Belsh, while from LPD Kukës participants were from Commissariats of Kukës, Has and Tropoja. (a total of 36 CPOs were trained).

In addition to the theoretical subjects on CP such as: CP as a philosophy, the paradigm of change, the CP system and elements, practical topics were addressed among which were including the role, tasks and responsibilities of CPOs, prevention in the public order, proactive action instead of reactive one, cooperation with citizens and other community stakeholders, etc.

## Support to Has Police commissariat for the RH construction establishment of the LCPS.

During may in pursuit of support of TLPD Kukës, PMT undertook visits to Has Police commissariat in order to establish and construct a reception hall (RH) for citizens. After observations on the ground, work on designing the architectural and construction project has been completed and concrete work is expected to start in the coming months. Also, PMT organized meetings in the municipality of Has following the work of setting up the LCPS. In the meeting was discussed among others fixing a date for constituting the council, the regulation and delivering invitations to potential members of these council.

## Activities within the Grant Scheme and the DV component;

Within the grant scheme, the EMP has monitored the activities of the first round projects, which continue to be implemented in the regions of Shkodra, Durres and Fier. Among the most prominent activities for this month are ranked the closing event of "The Civic Center" project, whose activities were implemented in Fier and Ballsh and

which entailed finding alternative and peaceful methods for resolving conflicts among young people in schools.

The Albanian Institute of Roma Culture, in the framework of the initiative "Inclusion of Roma youth in the increase of community security", organized the visit of a group of young Roma in the premises of DVP Shkodra.

Institute for Change and Leadership in Albania, organized the closing activity within the project "New Initiatives for Encouragement and Cooperation for Implementation of Community Policing" at Shijak Police Commissariat.

Further information on the grantees' activities can be found on [www.cp-project.al](http://www.cp-project.al). In May, the selection of Round 2 grantees was completed in the districts of Tirana, Elbasan, Kukës and Gjirokastra. 18 new projects will begin to be implemented in the above mentioned regions.

## DOMESTIC VIOLENCE COMPONENT

The PMT commenced the process for revitalizing the Referral Mechanism for Domestic Violence and gender based violence in Gramsh. Preliminary -meetings with senior representatives of local institutions, members of the mechanism, such as the municipality, police, sub-prefectures, educational offices, public health directorate, employment office, and administrative units have already been conducted. A draft agreement on cooperation was also drafted and the process of gathering comments and suggestions for the compilation of its final version is ongoing.

## Drafting the terms of reference for the software program to facilitate the RHs' business process.

In the framework of improving the business processes at the RHs, the PMT in cooperation with the IT Directorate and the ASP HQ has worked on drafting the terms of references to begin work on making a software program that would facilitate the work of the RHs. The software intends to reduce processing time for a range of actions and simplify the work in the RHs for a simpler and more qualitative service to citizens.

## Conclusion of the Public Satisfaction Study 2018.

During May was submitted the final survey report which was conducted by IDRA to measure the Public Satisfaction with Police Work (a survey carried out during April-May 2018) This study compares the results of 2018 with the results of the same survey conducted in 2013 and 2014. The results presented in this report are 'weighed' by region-qark, so that they represent the population statistically. Also, the results are comparative with other European countries (ESS), relying on the data published in 2016 by the ESS. For more information, visit [www.cp-project.al](http://www.cp-project.al).

## Start of the web constable for TLPD Elbasan and of the newsletter LPD Kukës.

In line with the activities foreseen for enhancing communication capacities, the PMT continued supporting the spokespersons of TLPDs of Elbasan and Kukës, who passed a 2-day training last month. Specifically, the EMP has assisted in launching the the web constable (Police in Facebook) for TLPD Elbasan and has supported professionally and logistically the production of newsletters for LPD Elbasan (4 editions) and LPD Kukes (the first edition.)
